

- OCR se pehle ya baad me **correct Unicode output** lena.
  - File banate waqt **regional font (Noto family)** embed karna.
  - Android app me fonts manually add karna if needed.
- 

Aap mujhe yeh bata dijiye:

- Aap PDF bana rahe the ya DOC?
- Android app me kaun sa viewer use ho raha tha?
- App me text render karna tha ya sirf download karwana tha?
